### SNOW'S FUNDAMENTALS OF FRENCH GRAMMAR

By W. B. SNOW, Head of the Department of Romance Languages, English High School, Boston. xi+266 pp. 12mo. \$1.15.

A working grammar limited to the essentials. A special feature of the book is the presentation of the verb, which the author has tested for many years, teaching by tenses instead of by conjugations.

C. H. GRANDGENT, *Harvard University*:—Snow's *Fundamentals of French Grammar* is a good book. To clearness, scholarship and pedagogical skill it adds a fresh and stimulating method of treatment. Whoever uses it will become a better teacher.

A. MARINONI, *University of Arkansas*:—We are getting excellent results from Snow's *French Grammar* and the work deserves high commendation.

JULIUS SACHS, *Teachers College, New York City*:—I have been delighted with the manner in which the exposition of grammatical principles has been carried through, with the wealth of skillfully arranged grammatical exercises and the appropriateness of the illustrative text material that runs through the entire book. The second half of the book, text and exercises, commands in like manner my undivided admiration.

### BRUNO: LE TOUR DE LA FRANCE

Edited with Introduction, Notes, Vocabulary and Composition Exercises, by V. E. FRANÇOIS, Associate Professor in the College of the City of New York. vii+251 pp. Map of France. Illustrated. 16mo. 45 cents.

The editor's experienced skill is seen in the judicious notes, largely geographical and historical and in the exercises for composition and conversation, to which the text is naturally adapted.
